

## Sun City Summerlin 4300 Series

Del Webb Corporation, Inc.

Las Vegas, Nevada

1,218 - 1,741 sq. ft. plans

43' wide units

Designed for the active adult desert lifestyle this series of one-story, single family attached paired homes features entry courtyards, and are oriented to golf-course, mountain, or city-lights views. The houses are designed to accommodate the sloping site by changing floor elevations at the common walls to step up or down as required. Each plan has a master suite with walk-in closet, an additional bedroom/optional den and second bath. The larger plans feature family rooms with nooks and all plans have laundry rooms, covered patios, and attached 2-car garages with additional golf cart parking space. The architecture has a formal feel with classic proportions, traditional details, and a richness of vibrant Italian colors and materials.
