TOTAL	4,822	SG.FT.

The Campanile Recreation Center is a neighborhood meeting space in this 68 acre community. Visitors pass beneath a clock tower as they enter the Spanish-inspired style building to access the lush oasis that is the pool and spa area. The amenities include a spacious gym room, a multi-purpose room with a kitchen and French doors opening onto two large arched outdoor entertaining areas, one with a fireplace and barbecue. There are also showers and changing facilities for the pool and spa, and a large pool equipment and storage room.
