

Orenco Station Recreation Center

Coasta Pacific Communities

Hillsboro, Oregon

1,345 sq. ft.

The Recreation Center for the community of Orenco Station serves a diversity of housing types near the Town Center ranging from single family homes to condominiums. It includes several large covered outdoor areas with a fireplace, barbecue, and kitchen work area adjacent to the expansive pool and spa. The covered seating/eating room has roll-up glass doors that can be opened to connect the inside with the outside. Additional trellis structures provide shade near the spa and at the far end of the pool area. There are also restrooms and sample storage as well as room for pool equipment. The architecture is a northwest Craftsman-inspired style with a prominent entry tower to act as a focal point but also harmonize with the surrounding residential neighborhood.
