

Campanile - 500 Series

Wessman - Gonzales

Cathedral City, California

Garage access from alley

5,700 - 6,900 sq. ft. lots

2,075 - 2,568 sq. ft. plans

40' to 45' wide plans

All three homes in this series have front porches facing either a greenbelt or a tree-lined street with a landscaped driveway lane at the rear of a short block leading to the garages. The two smaller homes feature Great Rooms, but also have formal front Parlors. The single story plan has two bedrooms with a Master Retreat or 3rd bedroom option. The smaller two-story plan has a Den/Optional Bedroom 4, a large breakfast nook and a laundry room upstairs, and the largest plan has options for a Den/Bedroom 4 and Bedroom 5/Office/Loft, both with full bath options as well. These homes are planned to be plotted adjacent to larger, conventional homes and their gracious front facades, absent of garage doors, make them good neighbors.
