William Lyon Homes, Inc.

Gilbert, Arizona

405 Acres

Dobson Property is a Traditional Neighborhood Design master planned community that includes diverse housing choices ranging from apartments to single-family detached homes on a variety of lot sizes. The single-family homes have drive lanes in the rear to provide a pedestrian and bicycle friendly streetscape. Several neighborhood parks and a number of pocket parks are incorporated into the project. The project is adjacent to a commercial area with shops and restaurants and includes an elementary school and high school within walking distance of most homes.
